#### COMMERCIAL.

CAIRO, ILLINOIS, Monday evening, July 22, 1878.

A most welcome change occurred in the weather yesterday (Sunday) and to-day, although the sun is warm, there is a stiff and refreshing breeze, and it is hoped the sweltering heat that has cooked us for the past week is at an end. On Friday and Satur day business is very fair, and this morning opened up in a lively manner, showing prospects for a good week. Transactions on flour, grain and hay were better than for a month previous, and prices paid were very fair. In the flour market there is a better feeling, and prices are firm at quotations, Stocks of all kinds are light, and arrivals are slow. Choice and medium grades are very scarce. The demand is principally for these grades. There has been an urgent demand for choice white corn, that cannot be satisfied, and the market is bare. A choice article will bring 41 cents. Mixed corn is also in fair request. Outs are scarce and in moderate demand at 26 cents for good mixed in bulk. The meal For Local Pains, Lameness, Soreness, market has undergone a decided change, Weakness, Numbuess and Inflation of and to-day presents a lively aspect. The the Lungs. Liver. Kidneys, Spleen, demand is active for city at \$2 25, and for country kiln dried at \$2 15 per barrel There is no country stock in market, and city is in limited supply. Bran is quiet at \$10 per ton for sacked. The produce mar-Plaster, by rallying the Nervous Forces, ket is about the same as when last reported, FORTY-EIGHT COLUMNS has effected Cures when every other but dealers anticipate a much better time within a very few days, provided the cool weather continues. Choice butter and fresh Ask for Collins' Voltaic Plaster, and eggs will sell at good figures. Good young chickens are in good demand, but poor ones will not sell. Peaches and apples, if they are choice, will sell readily.

NATURAL SELECTION.

I NVESTIGATORS of natural science have demonstrated beyond controversy that throughout the animal kingdom the "survival of the fittest" is the only law vouchsafing thrift and perpetuity. Does not the same principle govern the commercial prosperity of man? An inferior can not supersede apuriarticle. By reason of superior merit Dr. Pierce's Standard Medicines have outrivated all others. Their sale in the United States alone exceeds one million dollars per annum, while the amount exported foots up to several hundred thousand more. An Open Letter--It Speaks for Itself:

An Open Letter-It Speaks for Itself:

Rockfort, Mass. April 2, 1877.

Mr. Epiron: Having read in your paper the reports of the remarkable cures of catarrh, I am induced to tell what i know about catarrh, and I fingly the "snuff" and "inhaling tube" makers-mere dollar grabbers—would be glad if they could emblazion a similar cure in the papers. For twenty years I have suffered with catarrh. The masai passages became completely closed. Snuff, dust, ashes, inhaling tubes and sticks would not work, though at intervals I would snuff up the so-called catarrh snuff antil I became a valuable tester for such medicines. I gradually grew werse, and no one can know how much I suffered or what a miserable being was. My head ached over my eyes so that I was confined to my hed for many successive days, suffering the most intense pain, which at one time lasted for 188 hours. All sense of taste and smell gone, sight and hearing gone, nervous system shattered and constitution broken, and I was hawking and spitting seven eighths of the time. I prayed for death to relieve me of my sufferings. A favorable notice in your paper of Dr. Sage's Catarrh Remedy induced me to purchase a package and use it with Dr. Sage's masal douche, which applies the remedy by hydrostatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not cure me in three-fourths of a second, nor in one hour or month, but in less than eight minutes I was relieved and in three months cured and have remained so for over 16 months. While using the Catarrh Remedy I used Ir. Pierce's Golden Medical Discovery to purify my blood and strengthen my stomach. I also kept my liver active and howels regular by the use of his Pleasant Purgative Pellets. If my experience will induce other sufferers to seek the same means of relief, this letter will have answered its purpose.

Yours truly, S. D. RENNICK. The Daily Bulletin
